## MESSAGE TO FUTURE EMPLOYERS !

- I am against any form of dictatorship, under any kind of pressure, be it financial, media, political, police, military or scientific !
- I am against any form of obligation ( it is called a dictatorship ) !
- That goes against my freedom and the freedom of every citizen !

## I CHOOSE - FOR ME:

- No mandatory vaccines !
- No mandatory tests !
- No mandatory health pass !
- No mandatory implants and mandatory tracking !
- The BIG PHARMA groups OWN your government, imposing you infinite mandatory experimental vaccines, infinite variant of viruses, infinite lockdowns, they use scare tactics ( false statistics ) everytime, extreme police brutality, interdiction of peaceful protests, etc accusing the no-vaxxed to be THE super spreaders AND THE DANGER responsible for all of this..., soon human hunting for the no-vaxxed & concentration camps !
- By submitting yourselves totally to the rules of a corrupt government, under the constant pressures generated by them & the mass medias, you have given up your freedoms and accepted the death of democracy !

They push to FORCED VACCINES for those who want to WORK & HAVE A JOB , THIS IS PURE MADNESS & PURE DICTATORSHIP FORM !

#### Voici les décisions annoncées suite au Comité de concertation de ce mardi.

Le comité de concertation a décidé mardi de prendre trois mesures visant à réduire la propagation du coronavirus (Covid-19) sur l'ensemble du territoire belge, a annoncé le Premier ministre Alexander De Croo en conférence de presse.

A partir de vendredi, le port du masque sera obligatoire dans les espaces publics intérieurs de l'ensemble du pays. "C'est un moyen utile et efficace" de lutter contre le virus, a commenté le Premier ministre. Il s'appliquera aussi au personnel dans l'horeca et dans les salles de fitness, y compris en Flandre où ce n'était plus le cas. Le Covid Safe Ticket (pass sanitaire) CST sera lui aussi obligatoire dans tout le pays lorsqu'on ira au restaurant et au fitness. Le comité de concertation a en outre établi un socle fédéral: le seuil d'utilisation du CST a été fixé à 200 personnes lors d'un événement à l'intérieur et à 400 personnes à l'extérieur. Le CST reste d'application dans les discothèques et les night-clubs. Enfin, le télétravail est à nouveau conseillé lorsque cela est possible.

- I WILL NEVER SURRENDER !

- Democracy is the LEGITIMATE right of all people to choose of their own free will what is best for them, the freedom to act, think freely, move freely, work and live freely !

- It's easy to understand that all of this madness, all of this is just the death of democracy, they are ripping of ALL your rights, everything, NOW you can't do anything more, THEY decide for you, because the BELGIAN people have decided to not fight the dictatorship in place !
